

BOROUGH OF MACUNGIE SEWER LATERAL VIDEO INSPECTION REPORT

Instructions: This form is to be filled out by the licensed plumber conducting the video inspection. This report will assist the Borough Engineer in determining whether the sewer lateral is in compliance with the Borough of Macungie Sewer Ordinance No. 2018-02. The Borough may reject the DVD and ask for resubmission if the video does not meet requirements below.

DVD REQUIREMENTS:

- Video in color and image clear
- Show address of property on continuous video
- Show date and time stamp on video
- Clearly show cleanout or access point
- Running foot or time marker visible
- Briefly stop at joints to show integrity
- Identify where building drain ends and sewer lateral begins
- Show lateral from structure to Borough main connection
- Write date and address of property on DVD
